

“Self learning ability, technical mastery but more importantly, know how to grow, polish and improve digital products have been my best professional skills during my career as a developer.”

Professional Experience

Panaworld S.L (2009 – 2018)

A company dedicated to the Internet business and advertising. I changed my responsibilities there over the years.

- ◆ **Developer, Products and S.E.O** (2013 – 2018)

Responsible for company products. Technical work as a full stack developer and game developer. Competitor analysis and product care. Staff under my charge. Direct reporting to CEO and Spreadsheets.

- ◆ **Full Stack developer** (2010 – 2013)

I started working on both Backend and Front. I wrote code with PHP and a custom framework we made. I took care of the MySQL databases. I made responsive sites with CSS / HTML and JS. I created REST API's and was in charge of servers, Debian, Nginx, MySQL, Cronjobs, etc.

- ◆ **Junior Frontend Developer** (2009 – 2010)

Upon entering the company they gave me layout tasks, using HTML, CSS and Javascript for the job.

Cerámicas Montgatina S.L (2007 – 2009)

- ◆ **Machinist and Robot operator**

Assistance and programming ABB Robot for the manufacture of fine dining dishes.

Ball Corporation / Aerocan (2005 – 2007)

- ◆ **QC quality control in production line**

Other companies (2002 – 2005)

Academic Training

- ◆ *FP-2 DAW* – Spanish technical degree about Web App Development (ongoing)
- ◆ Bachillerato equivalent FP2 test entry (*grade 9.8*)
- ◆ *FP-1 Electronics (First year)*
- ◆ E.S.O High School
